NATIONWIDE INTERIORS - SPECIALISTS IN FAST TRACK FIT-OUTS

INTRODUCTION

Established in 1975, Nationwide Interiors has grown to become a market leader renowned for delivering high quality specialist joinery and fit-out work across a range of sectors.

ESTABLISHED in 1975, Nationwide Interiors has grown to become a market leader renowned for delivering high quality specialist joinery and fit-out work across a range of sectors.

Nationwide Interiors has a reputation for providing clients with high spec interior fit-out and joinery. Nationwide Interiors has developed a strong reputation for working in partnership with our clients, completing projects to the clients programme and budget whilst demonstrating the strictest standards of safety and craftsmanship.

Nationwide Interiors offers a complete building solution and has experience of delivering projects within both the private and public sectors; education, healthcare, commercial, retail & leisure, residential and industrial and is familiar with all forms of contract including traditional PFI, Design & Build and Management Contracting.

Nationwide Interiors has been fortunate enough to work on some of the most prestigious and challenging projects across the UK with values ranging between £150,000 to over £5,000,000, including Media City, One Angel Square (the new Co-op Headquarters), Centre Parcs, The Radisson Hotel and Manchester University.

OUR EXPERTISE

From detailed planning to post-contract care, our aim is to utilise our industry knowledge and experience to deliver our clients a snag-free project, on time and within budget.

With our reputation for completing projects to exceptional quality standards, we have been involved in the delivery of prominent buildings from schools and hotels to offices and residential buildings.

Nationwide Interiors has considerable experience in working in occupied buildings and decanting staff, providing careful programming and scheduling, ensuring our client is able to carry out “business as usual” and essential services are maintained.

REFURBISHMENT & MODERNISATION

We are fully capable of carrying out works to upgrade and modernise or to change the function of a building using the most efficient, sustainable and cost effective technology available, giving our clients complete peace of mind.

BROADWAY ACADEMY, BIRMINGHAM

GRADE A SIXTH FORM COLLEGE

Client

Lend Lease

Value

£520,000

Role

Joinery fit-out

This Academy was the final of the three 'Pilot' schemes that we were engaged in to carry out the full internal Fit-Out at the commencement of the Birmingham B.S.F. Programme.

Our works generally consisted of our usual Joinery Fit-out package which included Doors, Frames & Ironmongery sets, Skirtings, Architraves and Windowboards etc., but we also carried out a few welcome and diverse elements to the build such as some 25ft tall Acoustic folding Partitions, a number of Velfac Windows and Doors, some external Steel Doors, a number of Reception counters, some laser cut ornamental timber cladding/panelling and a large amount of Timber cloaking to the observational Mezzanize and a full Wet-Room/Toilet Fit-out.

LIVERPOOL COMMUNITY LEARNING COLLEGE

NEW LEARNING EXCHANGE

Client	Value	Role
BAM Construction	£480,000	Full Joinery fit-out

Liverpool Community College's new £35m Learning Exchange on Roscoe Street is central to The City of Liverpool College's CitySIX offer around A-levels. It offers students state-of-the-art learning environments combined with first rate leisure space, including gym and sports hall.

Nationwide's work elements on site included the 'Supply and Install' of Door, Frame & Ironmongery sets from the Laidlaw range of products as specified by the Client & we were also responsible for the sourcing and installation of the Specialist

Glazed Screen System that was in evidence throughout the building.

We completed our works with the general elements required within a Joinery 'Fit-out' such as Architraves, Skirtings, Windowboards and also the 'Supply and Erection' of the Cubicle systems within all the W.C.'s and Wet-room's. We were on site for a collective period of 25 weeks beneath the guidance of Project Manager Jim Rooney. Our team completed the project on time and within budget to his great satisfaction.

NEWFIELD & TALBOT HIGH SCHOOL, SHEFFIELD

CO-EDUCTIONAL SECONDARY SCHOOL

Client	Value	Role
Vinci Construction	£680,000	Fit-out

In addition to our traditional fit-out package, we were tasked with a large quantity of bespoke items, making this project really stand proud in Nationwide Interior's extensive education portfolio.

Our works comprised of the supply and installation of fully finished laminated feature door sets with ironmongery, hardwood glazed screens, shaped laminated wall protectors, skirting boards, architraves, stair inserts & strings, IPS panelling, toilet cubicles and vanity units & mirrors.

We also installed a number of adapted items to cater for students and staff with disabilities.

INTERNATIONAL SCHOOLS, BIRMINGHAM

REFURBISHMENT PROGRAMME OF SPECIALIST COMMUNITY COLLEGE

Client

Lend Lease

Value

£122,000

Role

Joinery fit-out

The Academy contains around 1,300 pupils which are spread over the three major buildings with an outpost for the 6th Form Centre across the road.

In 2010, it was agreed the school would undergo extensive refurbishment/re-modelling.

The school faced a series of changes, most of them to its advantage. However, the historic Martinau tower and the Central building were knocked down and the off-site Sheldon building given to the council.

We installed new high quality 'Cotswold' Doorsets throughout the building (around 90%) and refurbished the remainder which included repairs to a couple of historic and aged 'Feature' Sets. We supplied and installed a number of specialist acoustic Sliding Partitions and lined the whole of the existing sports hall with horizontal Timber cladding, we also installed a new and ornate Library Desk and fully refurbished the existing Pavilion Hut.

MANCHESTER METROPOLITAN UNIVERSITY

BIRLEY FIELDS STUDENT ACCOMMODATION

Client
GB Building Solutions
Value
£1m
Role
Fit-out

Nationwide were delighted to be awarded the Joinery 'Fit-out' package upon this Birley Fields Student Accommodation development (officially titled 'Birley Fields Residences') for G.B. Building Solutions in Hulme, central Manchester. Consisting of 967 'Beds' through a mixture of traditional Student Apartments along with impressive four-storey townhouses which house large communal living and kitchen areas whilst also affording the residents private garden areas.

A key element of the project is its environmental credentials, which are an essential part of MMU's overall commitment to making Birley Fields a zero energy, waste and water campus. It benefits from a district heating system provided by a new energy centre installed as part of the wider campus development.

We supplied and installed our standard package items such as Doors, Frames, Architraves and Ironmongery sets and also installed Timber Doors to the previously installed p.v.c. W.C. Pods.

ARMY FOUNDATION COLLEGE, HARROGATE

INTERNAL FIT-OUT

Client	Value	Role
Jarvis	£1.5m	Joinery fit-out

The Army Foundation College (AFC) in Harrogate, North Yorkshire, trains young people to become Junior Soldiers for the various Corps and Regiments of the Army.

As well as our standard 'fit-out' of the new accommodation block which entailed the supply and installation of doors, frames and ironmongery sets, we added to these with bespoke manufactured 'Study Desks' and featured timber bedhead-steads in readiness for the fitted beds. We completed our works by installing a number of items that would facilitate the use of the newly constructed gym, i.e. the complete wet-room 'Fit-Out' which included bench seats, Three tier lockers, mirror installation and a small F. F. & E. package of associated fittings such as display boards, coat hooks and sanitary placements.

THE CO-OPERATIVE ACADEMY, LEEDS

BROWNHILL PRIMARY ACADEMY, STAFFORDSHIRE

Client	Value	Role
Balfour Beatty	£178,000	Joinery fit-out

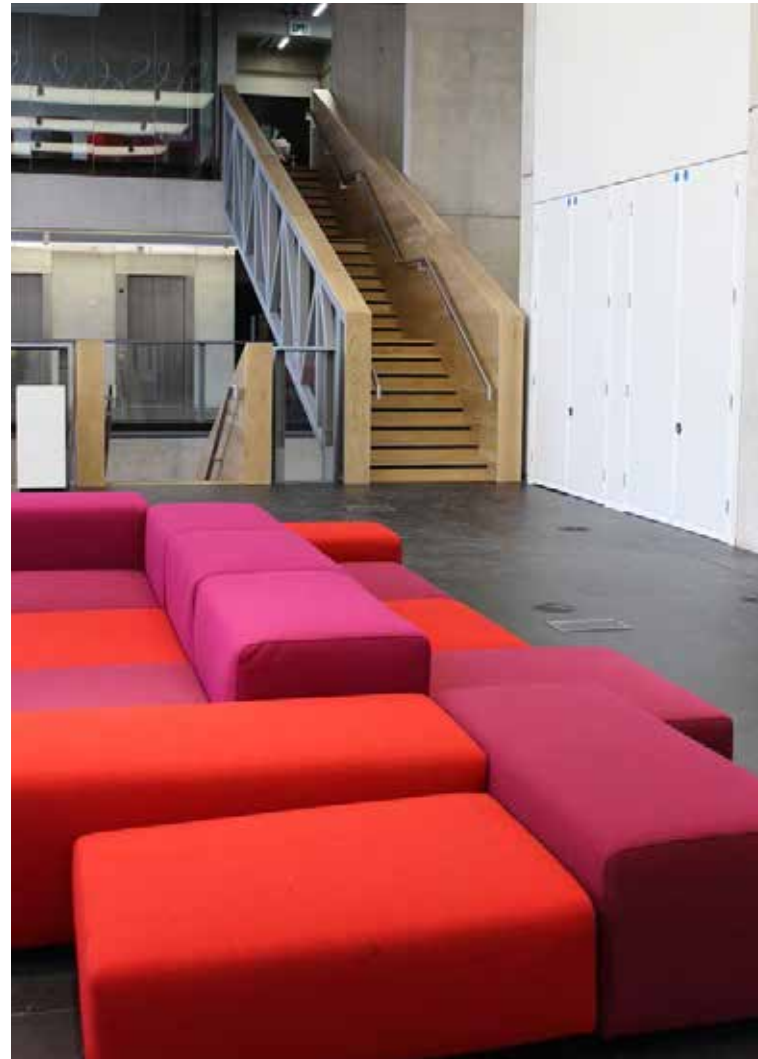

Previously known as 'Brownhills Academy', this new stunning Semi-Circular school at Tunstall was part of the BSF programme and we were delighted to be appointed to undertake this work.

Our input encompassed all the latest state-of-the-art building techniques and practices and also some 'never before seen' design elements, it also enjoys a large atrium which provides a light and airy environment for the student's arrival. Internally, the Academy boasts a number of 'Hi-tech' teaching walls and electronic whiteboards as standard as well as a selection of top quality 'Leaderflush' Doorsets, other specialist 'fit-out' elements installed included all the feature Timber Screens and their associated Glazing, utilising both acoustic and standard glass.

MANCHESTER METROPOLITAN UNIVERSITY

NEW ARTS CENTRE

'Nationwide' were recently honoured by the Morgan Sindall to complete the full internal fit-out of the new Arts and Design Building at campus building for the M.M.U. (Manchester Metropolitan University).

Nationwide's works included door sets and glazed screens, skirting boards, acoustic cladding, oak cladding to central staircase bridges, and supply and installation of W.C. cubicles.

The new Faculty includes a new build Gallery and Design Shed connected via a lift tower to the existing Chatham Tower and plinth buildings, under refurbishment. The 5 floor Design Shed will be used by M.M.U. as a base for teaching.

The ground and first floors comprise teaching and workshop spaces. The 2nd and 3rd floors comprise further teaching spaces.

£1.34m
Role
Fit-out

SIR JOHN THURSBY COLLEGE

COMPLETE INTERNAL FIT-OUT

Nationwide Interiors were awarded the complete internal fit-out on this new build college which included a large amount of bespoke custom made features, ensuring that this project really stands out in our education portfolio.

Our awarded package consisted of the supply and installation of door, casing and ironmongery sets, glazed and folding screens, shaped laminated wall protectors, skirting boards, architraves, IPS panelling, service pat tresses, fire extinguisher mounts, toilet cubicles, mirrors & other wet-room fixtures and fittings such as bench seats and lockers.

Our performance and synergy with the main contractor and end client on this particular project was the key driver behind us being awarded a further 8 Lancashire BSF schemes.

Client
Lend Lease
Value
£2.2m
Role
Fit-out

ACKLAM GRANGE SCHOOL

MIDDLESBOROUGH

Client	Value	Role
Willmott Dixon	£517,000	Fit-out

Nationwide Interiors were awarded the contract to supply and install door sets with ironmongery, window boards, skirting boards, architraves, glazed timber screens, timber framework and hardwood capping. During the contract, we were awarded a second package to install a large quantity of cement particle boards to the underside of newly installed canopies.

GATEWAY COLLEGE, LEICESTER

BESPOKE JOINERY FIT-OUT

Client	Value	Role
ISG Group	£450,000	Fit-out

We were presented with a full bespoke joinery fit-out package, which included numerous door sets of varying finish including laminated, painted and veneered, ironmongery, skirting boards, architraves and window boards. Nationwide were also awarded with the door and floor protection programme, ensuring we provided full protection for all installed door sets and raised access flooring prior to occupation by the end user.

HEALTHCARE

CITYLABS

REFURBISHMENT OF THE GRADE II LISTED BUILDING

Client
Lend Lease
Value
£510,000
Role
Full joinery fit-out

Nationwide were extremely excited to be awarded the 'Fit-out' package upon this 'Citylabs' (formerly the Royal Eye Hospital) development in central Manchester which was a mixture of mix of old and new, original and modern, brought together beneath an overhead glazed roof creating a spectacular atrium.

Along with various elements of the refurbishment of the Grade II listed façade of the original building, specifically the 'Heritage Room' which included matching highly bespoke & centuries old Timber Panelling, over-boarding existing timber floors with new and the refurb of the existing hardwood Handrails in the original entrance.

Within the new building we supplied and installed our more standard Joinery items such as Doors, Frames, Architraves and Ironmongery sets, new W.C. Cubicles, Duct Panels and Vanity Units completed with ceramic tiles that we undertook as additional works, as well our more sundry items, we completed our works by installing Riser and Sliding Doors, 'Moveable' Walls and the insertion of 7' foot feature doors into individual office screens.

NHS MANCHESTER

ROYAL INFIRMARY, MANCHESTER

Client
Lend Lease
Value
£6.1m
Role
Fit-out

Nationwide Interiors were appointed as the main fit-out contractor on a phased refurbishment of this dated hospital spending a little over 3 years working throughout the development, making this the hub of all healthcare in Manchester, seeing it dubbed as a 'super hospital',

Our scope of works included the supply and installation of door sets & ironmongery, skirting boards, architraves, IPS panelling, WC cubicles, reception counter tops & staff bases, laminated window boards, glazed screens, moveable walls, privacy curtains and FF&E including patient wardrobes and storage units

THE DUDLEY GROUP NHS FOUNDATION TRUST

DUDLEY HOSPITAL

Nationwide Interiors were awarded the fit-out package on this ultra-modern newly built hospital in Dudley, West Midlands.

Our awarded package consisted of the supply and installation of over 2,500 fully finished paint grade door sets, frames and ironmongery, architraves, skirting boards, window boards, reception counter tops and staff bases.

We also carried out the dry-lining, partitioning and an extensive suspended ceiling package utilising hygiene tiles and grid, all installed to high specification and conforming to the strict medical parameters set by the end client.

Client
Sir Robert McAlpine
Value

Role
Fit-out

SOUTHPORT & ORMSKIRK NHS TRUST

MATERNITY & PAEDIATRIC WARD AT ORMSKIRK DISTRICT & GENERAL HOSPITAL

Client	Value	Role
Costain	£580,000	Fit-out

During the development of a new build maternity and paediatric unit at Ormskirk District General Hospital, Nationwide Interiors were awarded the internal fit-out.

Our scope of works included the supply and installation of door sets with ironmongery, ash screens, WC cubicles, corner guards & wall protection, laminate shelving, reception counter tops, skirting boards, window boards, cedar boarding and fitted hospital furniture. We were also awarded the package to install all of the group 2 FF&E.

BALLAMONA HOSPITAL, ISLE OF MAN

MANX GOVERNMENT REFURBISHMENT

Client	Value	Role
Manx Government	£2.4m	Fit-out

Nationwide Interiors were instructed by the Manx government to carry out refurbishment works on the Ballamona Hospital, a dated mental health institute that now makes up part of the ultra-modern Nobles Hospital.

Our scope of works included the supply and installation of factory finished glazed maple screens, fire screens and hatches, maple veneered, laminated and paint grade door sets with ironmongery and specialist X-Ray rated doors. Nationwide Interiors were also responsible for fire testing and certifying all of the screens.

NOTTINGHAMSHIRE HEALTHCARE NHS TRUST

RAMPTON SECURE HOSPITAL, DERBY

Client	Value	Role
Costain	£890,000	Fit-out

Our scope of works included the supply and installation of secure cell door sets, frames & ironmongery, secure glazed hardwood screens, shelving, architraves, skirting boards, window boards, dry-wipe boards, IPS panelling, vanity units and anti-ligature toilet cubicles. We also carried out an extensive refurbishment on the existing staff offices and facilities.

ROYAL WOLVERHAMPTON HOSPITALS

WOLVERHAMPTON HOSPITAL HEART & LUNG CENTRE

Client	Value	Role
Vinci Construction	£496,000	Fit-out

Nationwide Interiors were awarded the internal fit-out package on the newly built heart centre within Wolverhampton hospital.

Our scope of works included the supply and installation of 650 door and frame sets complete with ironmongery, skirting boards, architraves and bespoke glazed screens.

We were also awarded the contract to provide a 'walk-on' ceiling which sat in between the medical rated suspended ceiling in the operating theatres and the services fitted to the underside of the floor above.

COMMERCIAL

THE CO-OPERATIVE

THE CO-OPERATIVE HEADQUARTERS, MANCHESTER

Client
BAM Construction
Value
£541,000
Role
Fit-out

Nationwide Interiors was delighted to be appointed to carry out the joinery element of works within this iconic building in city centre Manchester for the Co-op, which would form the centrepiece of the proposed £800 million pound NOMA regeneration project that will stretch across 20 acres.

‘One Angel Square’ is already the winner of a clutch of design awards, and incredibly, this light and airy building achieved a world-record BREEAM score of 95.32%. This 16-storey building contains 325,000 sq. ft. of open plan office space and a large central atrium. Two basement floors include underground car parking, auditorium and fitness facilities.

Our works consisted of a standard joinery fit-out package which included the installation of ‘Free Issue’ doors, frames & ironmongery sets, architraves, skirtings and some high level windowboards. We also supplied and installed various banks of acoustic panelling as well as a number of plex-wood lighting rafts. We finished off by the supply and placement of stainless steel and hardwood bench seating to the external perimeter of the building.

COLMORE GATE, BIRMINGHAM

CITY IN THE SKY

Client
Sir Robert McAlpine
Value
£1.6m
Role
Fit-out

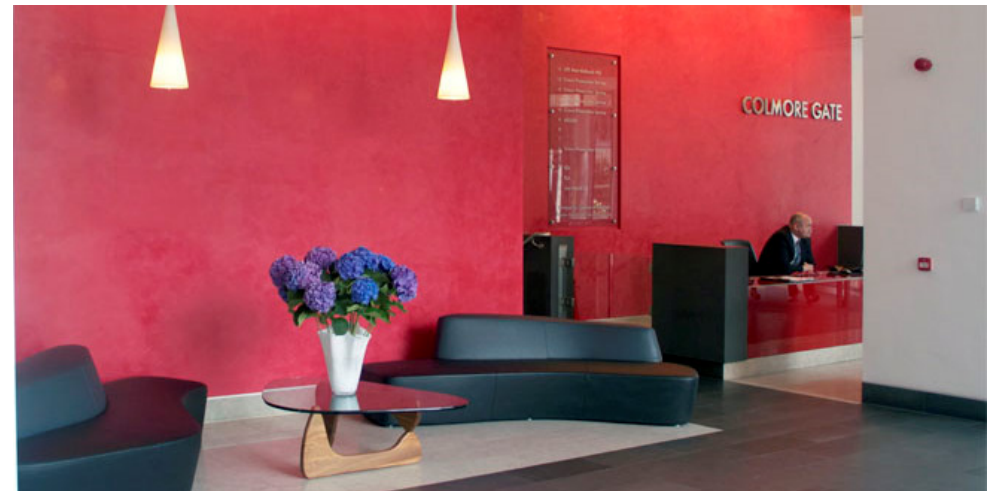

Multi-Storey City Centre Development comprising of a 6-storey Main Office area and 14-Storey Office tower block with basement and Sub-basement service areas and roof level Plant rooms.

Fitting out main core areas with storey height ash Vaneer Doors and solid Ash frames.

Toilets comprising of pre-finished hardwood Veneer wall panels with matching Doors and division panels all with solid Ash frames division strips and Bird-Eye maple over-panels to W.C. cubicles.

All joinery supplied and fitted to an exceptionally high standard of finish and completed on time in accordance with the provided 'Fast Track' programme, peak labour on this project levelled out at 96 fully active Joiners

The project commenced on site during March 2014 and will be completed in time for Christmas.

MEDIACITY:UK, SALFORD QUAYS

THE STUDIOS

Client
Lend Lease
Value
£2.6m
Role
Fit-out

Nationwide Interiors was engaged by the main contractor on the prestigious and highly publicised Media City development at Salford Quays where we supplied and installed a broad spectrum of bespoke joinery products throughout.

Our works included the supply and installation of sprung flooring, acoustic panelling, solid surface reception desks and counter tops, IPS panelling & vanity units and door& ironmongery sets.

Our role as fit-out contractor on this project saw us on site for just less than 62 weeks, with us working our way up to the seventh floor of the commercial tower above the flagship studios.

JOHN LENNON AIRPORT

LIVERPOOL

Client	Value	Role
Lend Lease	£2.5m	Refurbishment & full joinery fit-out

Our substantial works package included the supply and installation of metal stud partitions, dry-lining, suspended ceilings, laminated wall linings and duct panels in the toilet areas, WC cubicles and vanity units including associated mirrors, sanitary ware and FF&E.

We were also engaged to supply and install class O laminate wall panels, ceramic tiling and soft flooring, glazed entrance doors, column casings and timber internal windows.

STOPFORD HOUSE

STOCKPORT

Client	Value	Role
SMBC	£3.5m	Fit-out

Our scope of works consisted of the supply and installation of paint grade door-sets and ironmongery, skirting boards, window boards, architraves, partitions & glazed integral screens, suspended ceilings, soft and hard flooring, IPS panelling, WC cubicles & vanity units and all associated FF&E

All of the above works were carried out during normal working hours, decanting staff and working to a strict programme to ensure minimal disruption was caused.

BDR WASTE FACILITY, ROTHERHAM

MIDDLESBOROUGH

Client	Value	Role
Mansell	£153,000	Fit-Out

Nationwide were delighted to add another growing sector to our portfolio, that of a new and first class Waste facility just off the M1 in Rotherham, South Yorkshire.

The 'fit-out' package upon here consisted of standard Doors, Frames and Ironmongery sets as well as timber Window boards, Architraves and Skirting's where required.

We also supplied and installed Wall Protection, Acoustic and Standard Glazed Screens, a couple of Reception Desks and we completed our works with the supply and installation of a number of Metal 'Riser Access Panels'.

AWE BURGHFIELD, READING

ATOMIC WEAPONS BASE

Client	Value	Role
Carillion	£390,000	Fit-out

In something of a first for 'Nationwide' and though we've worked upon numerous M. o. D. & M. o. J. projects throughout the country over our 40 year trading history, it was the first time we had actually worked upon an 'Atomic Weapons Base'.

Nationwide provided Doors, Frames and Ironmongery sets, Acoustic and standard Glazed Screens and all manner of standard Joinery items such as timber Window boards, Skirting's and Architraves and a number of feature Staff bases and Reception desks. To summarise, this ended up being a fascinating project to work upon and a welcome break to our usual projects of a more mundane nature, the client was also highly delighted with the finished facility.

RETAIL & LEISURE

RADISSON EDWARDIAN HOTEL, MANCHESTER

FIT-OUT CONVERSION

Client
Laing O'Rourke
Value
£1.4m
Role
Full joinery fit-out

Nationwide Interiors was awarded the internal fit-out package on the conversion of the famous and listed Free Trade Hall in the heart of Manchester city centre into a high specification & luxurious 236 bedroom hotel.

As an iconic building itself and also the first luxury hotel Radisson opened outside of London, we knew that this project would have to be completed on time, on budget and to the highest standard of finishes.

We were tasked with the supply and installation of American black walnut doors, door frames, skirting boards, flooring, bulkheads, access panels and the installation of MF ceilings, stud partitions, wall linings and ceramic and natural stone floor tiles.

CENTER PARC, WOBURN FOREST

COMPLETE JOINERY AND FIT-OUT

Client
ISG Group
Value
£3m
Role
Full joinery fit-out

Center Parcs Woburn Forest is a new holiday village that has been constructed in woodland on the outskirts of Bedfordshire. The overall project cost in the region of £250 million pounds and contains 625 lodges and a 75 bed hotel, indoor and outdoor facilities, sub-tropical swimming complex, restaurants and a state-of-the-art aqua spa

Nationwide was appointed to carry out the complete internal joinery 'fit-out' of 625 No. holiday lodges/cabins upon this prestigious new development. Our works included the supply and installation of doors & frames and their associated ironmongery sets, MDF skirtings, windowboards & architraves, laminated vanity shelving to the wet-rooms, decorative wall panelling to all wet-rooms, PVC corner protections, blackboard wall panels, oak handrails and timber decking, a number of reception desks topped off with various elements of F. E. & E. to the kitchen areas, all the above was completed in a 38 week period with a scheduled hand over taking place in December 2013.

ARNDALE SHOPPING CENTRE

MANCHESTER

Client	Value	Role
Lend Lease	£1.2m	Fit-out

Our internal works comprised of the supply and installation of feature oak wall panelling, counter tops, veneered door sets, veneered door sets, bumper rails and internal furniture, fixtures and equipment. The success of this particular, high profile project has aided Nationwide Interiors to achieve a “preferred supplier” status with this client.

RETAIL VILLAGE

BICESTER

Client	Value	Role
Sir Robert McAlpine	£1.3m	Fit-out

Nationwide Interiors were contracted to supply and install internal door-sets, window boards, skirting boards, architraves, ironmongery, false dormas, Georgian windows and double door-sets, metal security doors and external timber cladding which was decorated differently for each individual tenant. We also completed the fit-out of the customer toilet block consisting of timber carcassing, IPS panelling, toilet cubicles, vanity units and mirrors.

HARVEY NICHOLS, MANCHESTER

HIGH-SPEC FIT-OUT

Client	Value	Role
Lend Lease	£439,000	Fit-out

Included in our high specification fit-out package was the supply and installation of WC cubicles, vanity units & duct panels, flush finish door sets with ironmongery, timber skirting boards and wall protector rails, display window flooring, interior signage, staff lockers, cash transfer units, fire screens and kitchen units to the communal staff areas. We were also engaged to supply and install the ceramic floor and wall tiling, soft & hard flooring and associated FF&E.

HAMPTON BY HILTON, LIVERPOOL

FAST TRACK PROGRAMME

Client	Value	Role
Lend Lease/SCC J.V	£2.5m	Joinery fit-out

Multi-Storey City Centre Development comprising of a 6-storey Main Office area and 14-Storey Office tower block with basement and Sub-basement service areas and roof level Plant rooms. Wips and Bird-Eye maple over-panels to W.C. cubicles.

All joinery supplied and fitted to an exceptionally high standard of finish and completed on time in accordance with the provided 'Fast Track' programme, peak labour on this project levelled out at 96 fully active Joiners

The project commenced on site during March 2014 and will be completed in time for Christmas.

FC UNITED OF MANCHESTER

NEW STADIUM

Client
BC (UK) Plc
Value
£164,000
Role
Fit-out

F.C. United of Manchester is an English semi-professional football club based in Moston, Manchester that currently play in the Northern Premier League Premier Division. It was formed in 2005 by Manchester United supporters opposed to American businessman Malcolm Glazer's controversial takeover of the club. The club is owned and democratically run by its supporters.

Though there two-year delay before construction commenced in late 2013 due to a legal challenge from local residents opposed to the construction of this fantastic new community facility, completion on time was never going to an issue with delivery/handover to the Club in January 2015.

Another landmark building that 'Nationwide' have had the honor of working on whilst also becoming part of the Clubs

History. We supplied and installed a large number of Doors, Frames and Ironmongery sets, Skirting's and Architraves, External Rain-screen Cladding, Glazed Screens, W.C. cubical sets and accompanying Vanity Units and completed our works by supplying and installing a number of Kitchens for the use of Match/Event day staff.

MANCHESTER CITY ACADEMY TRAINING COMPLEX

NEW STATE-OF-THE-ART TRAINING COMPLEX

Client

Manchester City Academy Training Complex

Value

£505,000

Role

Fit-out

“Welcome to the finest training facility in world football” is the tag-line that Manchester City are now using to describe their new state-of-the-art £200m training complex facility adjacent to the Etihad Stadium, East Manchester. Also operating beneath the banner ‘A Global Centre of Excellence’, Bam Construction were under strict orders from the Club that as much of the ‘Material Spend’ as possible must be spent using local Suppliers and Sub-Contractors within a 50 mile radius of the project, they finally reached a total of approaching an incredible 98%. Our package included our standard Doors, Frames and Ironmongery sets as well timber Window boards, Architraves and Skirting’s where required, we also installed a large amount of internal cladding to the Gym and ‘Monitor Centre’.

We also supplied and installed Tea and Laundry Points for Staff, a large amount of Wall Protection, Acoustic and Standard Glazed Screens, Corian Worktops to Pre-installed timber carcassing and some external timber decking ..., we completed our involvement with the supply and installation of a couple of areas of ‘Engineered’ Laminated Flooring.

ISLINGTON WHARF APARTMENTS (ISIS)

MANCHESTER

Nationwide were appointed to complete the full internal Joinery 'fit-out' package to a mixture of 141 No. Apartments and Townhouses upon this new and prestigious addition to the existing bohemian community at Islington Wharf.

The scheme not only consisted of our standard Joinery undertakings such as Timber Doors and Frames, Ironmongery sets, Architraves and Window boards etc., ... but also a large number of the more bespoke elements of a Joinery installation and items associated with a fast moving

Residential development such as this one. These works included (but not limited to) internal Oak Staircases, internal Chipboard flooring, external Timber Cladding and T. & G. boarded Ceilings, Larch Balustrades and Rails to steel supports (steel by others), fitted Kitchens including all 'White Goods', Siberian Larch Fencing within which we also supplied and installed a number of Oak Allotment Planters. All in all this was a wonderfully diverse project for Nationwide which we feel really encapsulates the full range of services we can offer to this rapidly expanding sector.

Joinery fit-out

TERM MAINTENANCE

LEEDS FEDERATED HOUSING ASSOCIATION

PRE-PAINT REPAIR, TERM MAINTENANCE

Client	Value	Role
Leeds Federated Housing	£248,000	Complete refurbishment including windows & doors

Due to the vast knowledge and experience in the various of the company, it was deemed a natural progression for us when we were asked to consider working within 'Term Maintenance frameworks' by a number of clients and Housing Associations. One such highly successful programmes we undertook was with Leeds Federated Housing and the extensive refurbishments of over a 100 of their housing stock. Our works consisted of new u.P.V.C. doors and windows, new P.V.C. fascia, soffits and rainwater goods and also a number timber repairs to the perimeter of the houses and out-buildings. New kitchens and bathrooms were supplied and installed on a selected number of locations/addresses that completely transformed the quality of life for the tenants in residence.

So successful was this first phase that the repair schedule evolved and was extended to include external remodelling on further phases.

BIRMINGHAM SCHOOLS F.M. HANDOVER PROGRAMME

F.M. HANDOVER, TERM MAINTENANCE

Client	Value	Role
Lend Lease	On-going	Joinery/refurbishments/defects/repairs/dry-lining/F.F&E and small building repairs

We were appointed to carry out the complete fit-out to 10 of the 19 schools under the Birmingham BSF programme. The works took place over an 18 week period and entailed various elements of joinery, drylining, roofing works, re-glazes, furniture repair and replacement and redecoration.

The majority of these repairs were carried out within either the school holidays or 'after hours' when the schools largely unattended by pupils meaning we could operate without effecting the schools timetables.

In Partnership with the same client, we are shortly also to commence similar programmes at the 'Lincoln Schools F.M. Handover Programme', Manchester M.R.I. (Joint Hospitals) and at Sheffield University. We are also in discussions about further schemes in the South of England & Scotland.
