

H.M.L. Academy, Birmingham  
Full Internal Fit-Out  
Lend Lease  
£980'000.00

Holte, Lozell and Mayfield Academy was the third to be built in the initially extensive Birmingham B.S.F. Programme that sadly became curtailed due to decisions made by the Coalition when coming into power.

This project was an unusual one in which three local Schools were to be amalgamated beneath one roof.

Nationwide's scope of works included the supply and installation of door-sets and ironmongery, skirting boards, architraves, moveable walls, hardwood glazed screens, white-rock, wall tiling, IPS panelling, toilet cubicles, vanity units, stair strings and inserts, sports hall floor and markings, timber cladding, external steel doors and FF&E including desks, bench seating, lockers etc.
