

Harvey Nichols  
Manchester

**Description**

Nationwide Interiors were secured as the internal fit-out contractor during the refurbishment of the Manchester branch of Harvey Nichols.

Included in our high specification fit-out package was the supply and installation of WC cubicles, vanity units & duct panels, flush finish door sets with ironmongery, timber skirting boards and wall protector rails, display window flooring, interior signage, staff lockers, cash transfer units, fire screens and kitchen units to the communal staff areas.

We were also engaged to supply and install the ceramic floor and wall tiling, soft & hard flooring and associated FF&E.
